- Courses with performance/practical exams or interviews during the exam time will be scheduled by students with their individual teacher.
- Students are asked to look at the schedule early to determine whether they have a conflict (two exams at the same time). If so, they need to speak to a Vice Principal so arrangements can be made.
- Accommodations required in a student's IEP should be arranged with Student Services through their teacher.
- Students who have accommodations will receive communication from LPS about where they will write.
